

Helen Gilchrist
DC Consultant

Helen advises a broad range of corporate clients and trustee boards on their DC pension arrangements.

“ **What attracted me to Watson Wyatt? Simple – their reputation! I don’t think the quality of the client base could be equalled anywhere else. And as soon as I joined I could see that the whole team is committed to focusing on the needs of the client and delivering a first class service.**

I get a great deal of enjoyment from the sheer variety of the work we undertake, and the opportunities to expand my knowledge and work with different people both internally and externally. ”
